

Intermediate-Mass Black Holes in Globular Clusters

NORA LÜTZGENDORF - ESO@50, Garching

M. Kissler-Patig, H. Baumgardt, K. Gebhardt, E. Noyola, T. de Zeeuw, N. Neumayer, D. Kruijssen, B. Jalali, A. Feldmeier

Why are we looking for them?

1. Relation at lower Masses?

2. Growth of Supermassive Black Holes?
